probably be on the scale of what...of what Senator Wehrbein was talking about with regard to the...to the grain compact. You know, it's \$25,000 a year. If they suddenly doubled that, we would be worried. Maybe we would get out. I don't know what we would do, but at least we would have that choice without, in the relative scale of things, huge losses, and I think that that kind of scale is worth the possibility of developing something like this in the long term. So I hope we won't be...I hope we'll be cautious but not too negative on it, I guess. Thank you.

SPEAKER KRISTENSEN: Mr. Clerk, items for the record.

CLERK: Mr. President, Enrollment and Review reports LB 168A as correctly engrossed. Enrollment and Review also reports LB 51 to Select File. Education Committee reports LB 314 to General File with amendments. Senator Stuhr, an amendment to LB 1...or LR 1CA; and Senator Kristensen, an amendment to LB 138 to be printed. That's all that I had, Mr. President. (Legislative Journal pages 489-490.)

SPEAKER KRISTENSEN: Mr. Clerk, motion on the desk.

CLERK: Senator Janssen would move to adjourn until 9:00 a.m., Friday, February 2nd.

SPEAKER KRISTENSEN: You've heard the motion. The question before the body is, shall we adjourn? All those in favor say aye. Those opposed say nay. We are adjourned.
